**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I moved to Brentwood Ca in 2014. In the paper I read about sonic internet and that they were coming soon. I had to wait a year just to get it and I couldnt wait anymore. Once they set up I was so happy with the speed and rates. I know people in third world countries pay less than Americans with faster speeds. Its unfair an unethical to force Americans to pay \$200 month for internet. Thats like making Americans pay for \$10 bottles of water because the government poisoned our water supply. Do not let AT&T or other large companies pay off crooked politicians just so they can charge us hard working Americans more for less. Schools and businesses rely on sonic internet now because of the speed and price. Ive had AT&T in the past and would have to pay over \$200 a month for a slower internet speed and the worst customer service with always having to reset my router. Again, do not let AT&T bully companies like sonic.

Sincerely,

Jason Blank
